A Corruven Technology

UNIQUE

FLEXIBLE

NATURAL WOOD

NATURAL DIFFUSER

PERFORMANCE

NOISE REDUCER

*The foundation of our game-changing solutions.*

Fundamentally, we have created a new class of high performance sustainable composite materials.

Thanks to the sheer number of raw material types, geometries and different assembly techniques used, *the possibilities are truly limitless.*

## Product Description

Our **Acoustic Wall technology** gives depth to a room with its interlaced design. Sound is diffused and captured behind the panels reducing the noise of the environment. The beautiful metallic wood effect creates new possibilities for designers and architects.

Create infinite possibilities
