

Metallic Wood

A Corruven Technology

UNIQUE

FLEXIBLE

NATURAL WOOD

NATURAL DIFFUSER

PERFORMANCE

STRONG

The foundation of our game-changing solutions.

Fundamentally, we have created a new class of high performance sustainable composite materials.

Thanks to the sheer number of raw material types, geometries and different assembly techniques used, *the possibilities are truly limitless.*

Product Description

Our **Metallic Wood technology** provides a unique way to marry natural wood and aluminum together which creates a fresh new look for designers and architects.

The wood provides a natural feel while the shape creates a diffuser for sound waves.

Use this exciting new product to decorate walls, bulk heads or any surface.

Create infinite possibilities
