Location: Edmundston, New Brunswick, CA
Position title: Machine Operator

Company profile

Corruven is a technology company specializing in the manufacture of products for the architectural and packaging markets. Our goal is to put together a strong team of leaders with a view to building a better world by means of game-changing innovation. We help our clients to reduce total costs, diminish their environmental footprint, reduce logistical costs and create new growth opportunities. Corruven's machine operation employees report to the team leaders, as well as to the Director of Production.
